

WILWOOD GT ROTORS FOR NUMEROUS HAT COMBINATIONS

Now you can get the performance of Wilwood's GT Rotors and use many different hat combinations. Our GT Rotors are manufactured with various bolt patterns giving you more flexibility in brake setups, saving you money!

The latest technology goes into Wilwood GT Rotors:

- Wilwood GT Rotors have an innovative asymmetrical groove pattern on each face which eliminates pedal vibration, resulting in more even pad wear.
- Each Wilwood GT Rotor is precision balanced.
- Close-tolerance machining guarantees a firm, consistent pedal, lap after lap.
- Wilwood GT Rotors provide the highest cooling capacity and longest service life for extreme braking short tracks and road course competition.

ORDERING INFORMATION:

<u>Wilwood Rotor P/N</u>	<u>Application</u>	<u>Bolt Circle</u>	<u>Rotor Thickness</u>	<u>Diameter</u>
160-3314 / 15	Wilwood, Alcon Short Track Hat	12 x 6.75"	1.38"	12.72"
160-3872 / 73	Wilwood, Alcon Rear, Coleman	8 x 7.62"	1.25"	12.72"
160-6843 / 44	Brembo Short Track Hat	12 x 7.15"	1.38"	12.90"
160-7137 / 38	Brembo Intermediate	10 x 8.26"	1.25"	12.90"
160-7414 / 15	Brembo Rear	10 x 8.11"	1.25"	12.32"
160-2526 / 27	Wilwood, AP Rear	8 x 7.00"	1.25"	12.19"
