

1995-99 BMW E36 M3

14" FRONT BIG BRAKE KITS

Wilwood engineered E36 M3 big brake kits around motorsports-proven **FNSL6R Superlite** calipers and large 14.00" **Spec37** iron alloy rotors for improved braking performance and increased thermal capacity than original equipment. Kits should fit most 18" and larger wheels. Rotors are available in performance GTB slotted or SRP drilled and slotted for improved aesthetics.

KIT FEATURES:

- Superlite calipers have been proven over years of road racing, circle track, and off-road competition
- Kits are designed to work with OEM master cylinders, ABS, and rear brakes to maintain proper front-to-rear brake bias with OE spec tires and suspension
- Direct bolt-on upgrade for 1995-99 BMW E36 M3 and 1998-01 BMW Z3 with no permanent modifications

CALIPERS: FNSL6R

- Stress-flow, high-strength forged aluminum calipers with stainless steel pistons for strength and durability
- Differential bore pistons provide progressive engagement and increased brake pad life
- Caliper bodies are Type III hard anodized to resist wear inside and out
- Offered in gloss red or black powder coat, and 24 additional optional color choices (additional charges apply)

ROTORS: GTB Slotted or SRP Drilled & Slotted

- Big 14.00" x 1.25" wide curved vane vented rotors provide greater brake torque and greater thermal capacity than OE
- Precision-machined, low-distortion proprietary **Spec37** iron alloy rotors are mounted to forged aluminum hats
- Choose between E-coated GTB slotted or SRP drilled and slotted faces

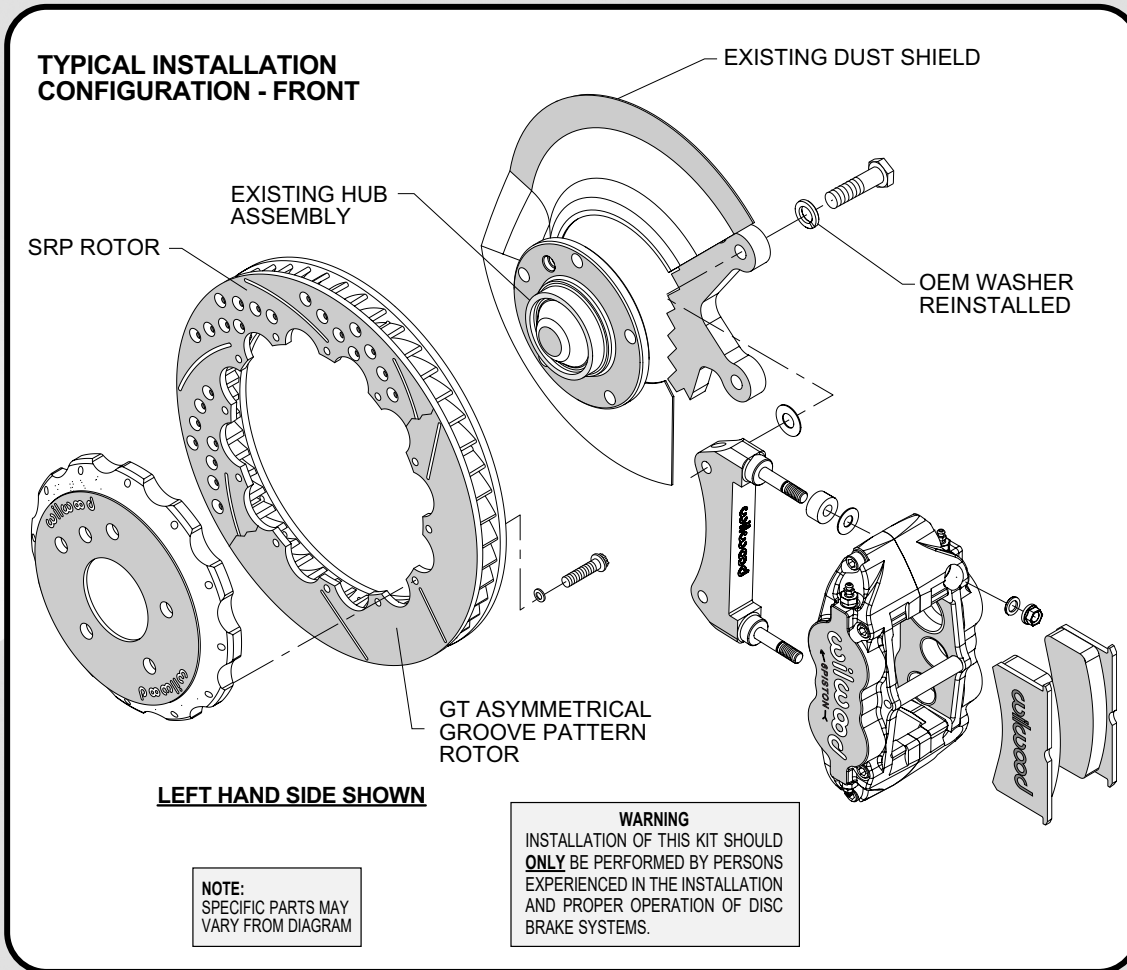

BRAKE PADS: BP-10

- High-performance street BP-10 brake pads with many other brake pad compounds available for your application

INSTALLATION PARTS:

- Kits include brackets, fittings, and necessary premium hardware
- Stainless steel braided flexlines are available separately
