

# Billet Dynalite P-Brake Kit

## Billet Dynalite Calipers with Internal Drum Parking Brake.

Finally, a parking brake that really works and is designed for today's Street Rod, Hot Rod, Muscle Car and High Performance Machines.

Wilwood's Billet P-Brake kits are available with either polished or black finished Billet Dynalite calipers. Polymatrix "T" pads on large diameter, plain or cross drilled, slot faced ventilated rotors provide high torque, race proven performance.

Inside the black finished iron rotor mounting hats are OEM configured drum brake shoes for positive P-Brake engagement. Designed for good looks, quiet operation and superior performance, these Billet Dynalite P-Brake kits are available for a wide range of popular rear ends.
