

FOR IMMEDIATE RELEASE:

Wilwood is pleased to announce a new universal / adjustable brake pedal pushrod kit

Camarillo, CA • March, 2015

Wilwood's new brake pedal pushrod kit provides the last missing link when installing a custom or modified brake system. The kit includes several options for adjustable length rods, with the commonly found connection end hardware necessary to connect Original Equipment and aftermarket pedals to all common types of manual master cylinders and power brake boosters. MSRP on this all inclusive kit, part number 330-13914 is \$64.74.

Wilwood has been expertly designing and manufacturing high-performance disc brakes in the USA since 1977. Engineered and rigorously tested for the track, Wilwood brakes provide unsurpassed quality and performance with sleek, lightweight designs. Wilwood has dominated the motorsports arena for decades, making their street market brakes among the most technologically advanced around.
