

**FOR IMMEDIATE RELEASE:**

## **Wilwood Disc Brakes Announces New 2018-Present Jeep JL Rear Brake Kit Upgrades**

**Camarillo, CA • February 2020**

Wilwood is pleased to announce the release of a new rear brake kit for 2018-present Jeep JL models.

Wilwood's Forged Superlite 4R four piston kit combines radial mount calipers with 14.00" diameter GT slotted, or SRP drilled and slotted rotors. This high-capacity kit complements the Aerolite six piston front brake kit for heavy-duty highway, towing and off-road Jeep JL applications.

The bolt-on kit is fully compatible with OE master cylinder output, ABS, all electronic controls while maintaining OE parking brake system functionality. Wilwood kits are built for extreme conditions and provide superior heat absorption to prevent fade with increased service life.

MSRP starts at \$1,881.59.
