

FOR IMMEDIATE RELEASE:

Wilwood Disc Brakes Announces New Dodge Ram Truck Brake Kit Upgrades

Camarillo, CA • October 2018

Wilwood's TX6R Tactical Xtreme front brake kit upgrades for 2014-present Dodge Ram 2500/3500 trucks use components and technology originally developed by Wilwood for tactical, armored and extreme-duty specialized vehicles. Massive six-piston forged aluminum calipers wrap around 16.00" diameter rotors. Combined with high-grip, long-wear and fade-resistant BP-20 compound *SmartPads*, these kits provide unmatched braking capacity and durability for all types of high-demand highway, towing, hauling, commercial and heavy load off-road applications.

The systems are engineered fully compatible with the OE master cylinder output, ABS system, and all electronic controls. Each kit includes all premium grade hardware, stainless steel DOT approved flexlines, and a detailed installation guide.

MSRP starts at \$2,295.95.
