

**FOR IMMEDIATE RELEASE:**

## **Wilwood Disc Brakes Announces New C2/C3 Corvette Rear Parking Brake Kit Specifically for Detroit Speed Suspensions**

**Camarillo, CA • August 2019**

Wilwood has released a new rear big brake kit developed specifically to fit the Detroit Speed DECALink™ rear suspension system for 1963-1979 Corvette models, as well as 1980-1982 Corvette models that have been retrofitted with the 1979 and earlier differential.

The kits are engineered around a 14.00" diameter rotor with a Forged Superlite four piston caliper and incorporates Wilwood's auxiliary MC4 mechanical caliper as the parking brake. Rotor choices include SRP series drilled and slotted e-coat rotors or GT series slotted face competition style rotors for track cars. Standard caliper finishes include gray anodized, gloss black and red powder coat, or 22 additional color options.

MSRP starts at \$1,814.39.
