

**FOR IMMEDIATE RELEASE:**

## **Wilwood Disc Brakes Announces New Rear Disc Brake Kits with Electric Parking Brake (EPB)**

**Camarillo, CA • October 2019**

Wilwood has announced five new brake kit configurations for the popular 2.50" offset Big Ford, New Style / Torino bearing 9" rear axles. These new kits combine Wilwood's proven hydraulic disc brake conversions with an electric motor-driven parking brake caliper.

An electric parking brake provides the ultimate solution for custom builds without the need for cables or actuation levers. Kits are available with forged aluminum DynaPro, Dynalite, Superlite, or Aerolite caliper options. Your choice of standard red or black powder coat or 22 additional caliper color finishes. Rotor diameters are available from 11.00" to 14.00". Kits also include EPB control module, switch, wiring harness and complete installation instructions.

MSRP starts at \$1,819.94.
