

**FOR IMMEDIATE PRESS RELEASE:
Wilwood Announces Big Brake Kits for 2004 & '05 Ford F150 Pickup Trucks**

Camarillo, CA June 6, 2010

Wilwood Engineering now offers a bolt-on [Big Brake Kits](#) for 2004 & '05, Ford F150 2-wheel drive, pickup trucks. Featuring a high tech look, these brake kits are designed to improve braking efficiency as the trend toward larger, oversize truck and SUV wheels and tires continues. Wilwood's all-new TC forged billet 6-piston calipers in a choice of red or black finish clamp PolyMatrix pads on a two-piece hat and 16" diameter, drilled and slotted rotor. An asymmetrically slotted GT rotor is also available for severe high heat applications. These Big Brake Kits are compatible with the OE ABS and master cylinders and include replacement hubs with bearings for mounting bolt-on hats and rotors. Matching rear rotors (sold separately) in a drilled and slotted or slotted only pattern complete the custom look front to rear.
