

FOR IMMEDIATE RELEASE:

Wilwood Renews Contingency Sponsorship with USMTS Through 2016 Season

Camarillo, CA • January 2016

Wilwood Disc Brakes has extended their contingency sponsorship with the United States Modified Touring Series (USMTS) through the 2016 season.

This will mark the second year for Wilwood as the USMTS *Lucky 7 Award* contingency sponsor. As part of the sponsorship, Wilwood will provide a \$50 product certificate to the seventh place finisher at each USMTS event. Additionally, one winner will be randomly drawn from all of the drivers that finished seventh throughout the year to receive a complete Wilwood brake kit.

"We really enjoy our partnership with USMTS and the Lucky 7 contingency program," said Steve Cornelius, Director of Sales and Marketing at Wilwood Engineering. "Obviously every driver wants to win but competition gets tougher every year. It's great to work with a series that helps its driver no matter where they finish."

About Wilwood Disc Brakes

Founded by Bill Wood in 1977, Wilwood Engineering expertly designs and manufactures high-performance disc brakes and components from their headquarters in Camarillo, California. Engineered and rigorously tested for any application, Wilwood brakes provide unsurpassed quality and performance with sleek, modern designs.
