

FOR IMMEDIATE RELEASE:

Wilwood Disc Brakes Introduces Billet DynaPro Calipers with Dust Boots

Cammarillo, CA January 27, 2010

Wilwood has just released a [DynaPro caliper with dust boots](#) by popular demand. Similar to the standard DynaPro calipers this newest generation of calipers is an upgrade or replacement for applications previously using the Dynalite model series. The DynaPro is constructed from stress-flow forged billet aluminum for superior strength and the DP calipers combine race technology with several new exclusive Wilwood performance enhancements. A sleek profile with superior strength and a fully detailed machined finish provide the performance and looks for competition or show. The DynaPro also features exclusive SRS bridge plates that eliminate bridge wear and the spring loading action also eliminates pad rattle and dampens the vibration harmonics that contribute to squeal during engagement.
