

FOR IMMEDIATE PRESS RELEASE
Wilwood DynaPro Forged Billet Calipers

Camarillo, CA June 3, 2010

Wilwood's new [DynaPro family](#) of billet calipers represents the next generation of upgrades and direct replacements for the popular configurations of the Dynalite model series. Billet bodies, with a full radial transition between the piston housings and bridges, make these the strongest "Dyna" series calipers ever built. Each new DynaPro (DP), Narrow Mount Dynapro (NDP), and DynaPro Single (DPS) caliper features full surface detail machining, heavy wall stainless pistons, internal fluid passages, four corner bleeds, replaceable SRS bridge plates, and the new Quick-E-Clip pad retainers.
