

# AERO-DM "Direct-Mount" Brake Kits 2022-24 MBZ 2500 SPRINTER VAN

Wilwood Aero-DM direct-mount bolt-on brake kits for 2022-24 Mercedes 2500 Sprinter Vans will fit most 17" and larger wheels. These kits are designed to be fully compatible with factory front and rear brake mounting positions, master cylinders, and ABS computer systems. Aero-DM kits provide more holding power, easier modulation at low speeds, and greater thermal capacity for all types of high-demand highway and off-road applications, including towing, and commercial use. *(Note: a modification to the OE brake line chassis bracket hole diameter is required.)*

### KIT FEATURES:

- Directly mounts to factory spindles and hubs, front and rear, without the need for additional brackets
- Provides greater brake torque and increased thermal stability, yet fits behind most 17" and larger wheels

### CALIPERS: AERO6-DM, AERO4-DM

- Stress-flow forged aluminum Aerolite calipers are engineered for direct mounting using Aero6-DM six piston (differential bore) calipers up front and Aero4-DM four piston calipers in the rear
- Compatible with the factory master cylinder, ABS and all electronic controls
- Calipers available in gloss black or red powder coat, or 26 additional color options (additional charges may apply)

Caliper Mounts Directly to Factory Spindle

**FITS 17"**  
**MOST**  
**AND LARGER**  
**WHEELS**

### ROTORS: GTB

- 13.25" diameter one-piece premium-grade iron alloy for heavy-duty use with protective black E-coating throughout
- GTB asymmetrically slotted face pattern with 48 vanes for efficient cooling

### BRAKE PADS: BP-Q

- BP-Q ceramic-based, dual-sport brake pad for everyday street or performance driving (additional compounds available)

### INSTALLATION PARTS:

- Stainless steel Flexlines and premium-grade hardware included
