

AERO6/ST & FNSL4R/ST 2015-23 FORD MUSTANG ROAD RACE BRAKE KITS

Wilwood offers options for front and rear dedicated road race brake kits for 2015-2023 Mustangs using Type III hard anodized **Aero6/ST** and **FNSL4R/ST** calipers clamping to proprietary **Spec37** iron alloy competition rotors. These proven high-performance road race brake kits provide ultimate durability and heat management, while maintaining repeatability in extreme on-track/road course and competitive driving events.

KIT FEATURES:

- Wilwood's **Thermlock™** pistons used on both **Aero6/ST** & **FNSL4R/ST** calipers provide an effective thermal barrier, minimizing heat transfer
- Type III hard anodize finish provides superior piston bore and caliper protection from overall wear and abrasion in harsh environments, extending caliper life
- Race-inspired, dynamically mounted aluminum hat to a proprietary **Spec37** GT vented rotor provides better heat dissipation with less thermally generated stress

FRONT CALIPERS: AERO6/ST

- **Aerolite 6R/ST**, 6 piston competition calipers are forged aluminum with a stiffened center bridge
- Radial mount brackets attach calipers to the OE spindle with a secure, precision fit

REAR CALIPERS: FNSL4R/ST

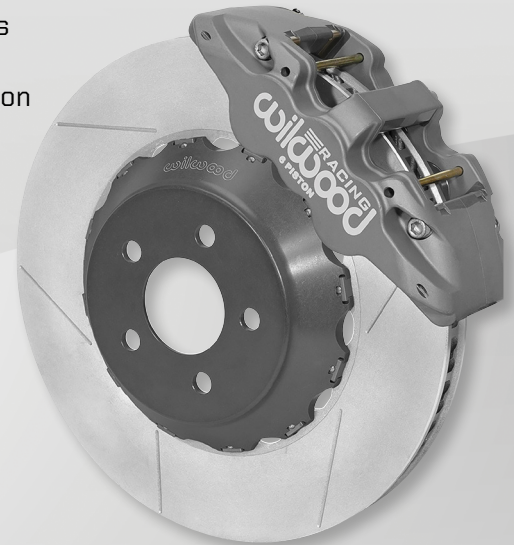

- Forged Narrow **Superlite 4R/ST**, 4 piston competition aluminum calipers have exceptional strength and reduced weight
- Caliper bores are sized to maintain proper front-to-rear bias

ROTORS: GT SLOTTED

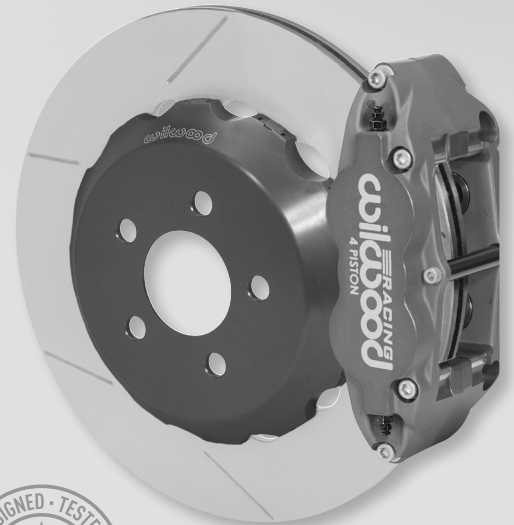

- Front rotors are either 15.00" or 14.00" **Spec37** featuring 72 curved cooling vanes
- Rear rotors are 14.00" **Spec37** utilizing 36 straight vanes to aid cooling
- **Spec37** is a proprietary iron alloy with a high resistance to thermal distortion, excellent friction, and low wear rate

BRAKE PADS: BP-35

- **BP-35** is a high-friction, linear-feeling pad with smooth response, providing a predictable, consistent pedal feel (other compounds available)

**AERO6/ST Front,
Spec37 GT Slotted Rotor**

**FNSL4R/ST Rear,
Spec37 GT Slotted Rotor**

INSTALLATION PARTS:

- Premium-grade hardware included on both front & rear kits
