

FOR IMMEDIATE RELEASE:

Wilwood Disc Brakes Announces New Front Road Race Brake Kits for the Acura Integra and Honda Civic

Camarillo, CA • May 2019

Wilwood's championship-proven road racing brake system is now available for the 1990-2005 Integra and Civic models with factory 262mm disc spindles. This system is engineered application-specific for production-based chassis using the factory hydraulics and all-dynamic electronic controls.

DynaPro 4R/ST calipers are paired with two-piece, dynamic mount 11.75" (298.5mm) diameter **Spec37** GT competition series directional curved vane rotors. BP-30 endurance racing compound *SmartPads* complete a setup that delivers high-torque stopping power, high-efficiency heat management, and the ultimate in durability for extreme on-track competition.

Kit includes mounting brackets, hardware, and a detailed instruction guide for an easy bolt-on installation.

MSRP is \$1,566.60.
