

FOR IMMEDIATE RELEASE:

Wilwood Disc Brakes Announces New SX6R Big Brake Kits for the 1997-2019 C5-C7 Chevrolet Corvette

Camarillo, CA • April 2019

Wilwood's new Speed Xtreme SX6R brake kits provide the ultimate in super-car performance and style for high-horsepower street, autocross, track experience events and over-the-top customs. SX6R brake kits are engineered for direct-fit on the production C5, C6 and C7 Corvette, and custom hot rods built using a Corvette front suspension.

Forged aluminum SX6R calipers combine with large diameter, two-piece **Spec37** iron rotors dynamically mounted to the Corvette hubs with aluminum hats. SX6R kits with WCCB carbon-ceramic rotors are also available for C5 and C6 models. High-performance brake pad compounds are selected based on rotor material and style. Kits includes mounting brackets with hardware and a detailed installation guide.

MSRP starts at \$3,570.00.
