

FOR IMMEDIATE RELEASE:

Wilwood Announces New Aerolite 15" Front Brake Kits for the C5/C6 Corvette

Camarillo, CA • March, 2015

Wilwood's forged aluminum Aerolite radial mount calipers and 15.00" diameter **Spec 37** alloy directional vane two-piece rotors are combined in these all new brake upgrade packages for the 1997-2013 C5/C6 Chevrolet Corvette. Six piston front calipers are available in gloss black, red, or Wilwood's nickel based *Quick-Silver* plating matched with BP-20 compound metallic-composite *Smart Pads*. GT competition series rotors with face slots only or SRP drilled and slotted performance rotors deliver high-torque stopping power, optimized cooling efficiency, and high-tech styling for the street or track. Optional pad compounds and Thermlock® pistons are also available to fortify these kits for extreme competition and sustained high temperature use.

Each kit includes all necessary hardware and a detailed instruction guide for an easy bolt-on installation.

Front Brake Kit, P/N 140-13903-DR

Wilwood has been expertly designing and manufacturing high-performance disc brakes in the USA since 1977. Engineered and rigorously tested for the track, Wilwood brakes provide unsurpassed quality and performance with sleek, lightweight designs. Wilwood has dominated the motorsports arena for decades, making their street market brakes among the most technologically advanced around.
