

**FOR IMMEDIATE RELEASE:**

## **Wilwood Disc Brakes Releases Chevrolet C1500 Silverado & GMC Sierra 1988-1998 Rear Drum-to-Disc Conversion with Electric Parking Brake**

**Camarillo, CA • June 2025**

Wilwood has engineered a new rear drum-to-disc conversion upgrade brake kit with an **EPB** (Electric Parking Brake) option. Designed specifically for 1988-1998 GM C1500 Silverado/Sierra trucks for a modern, superior disc brake setup. These conversion kits provide increased clamping force, enhanced thermal capacity, and improved pedal feel, offering more confident braking in daily street performance, as well as in heavy-use applications such as off-road, towing, hauling, and commercial workloads.

Wilwood's four piston rear drum-to-disc conversion brake kits come in four configurations to fit your application: **Forged Dynalite** caliper with 12.19" x .81" rotor to fit most 15" wheels; **Forged Narrow Superlite** caliper with two-piece aluminum hat/**Spec37** 12.88"x1.10" and 14.00"x1.10" rotor to fit most 17" and 18" wheels respectively; and **Aerolite** caliper with two-piece aluminum hat/**Spec37** 14.00"x1.10" rotor to fit most 18" wheels. All kits come with a choice of black E-coated **GTB** slotted or **SRP** drilled and slotted rotors, **BP-10** street performance pads, and **EPB** with caliper brackets, connection kit with ECU wiring harness, on/off switch, and premium-grade installation hardware. Calipers are available in gloss red or black powder coat, with 26 surcharge color options available.

**MSRP:** starts at \$2,571.02 (12.19" kit)
