

FOR IMMEDIATE PRESS RELEASE
Wilwood FSL Big Brake Kits for Scion tC

Camarillo, CA January 16, 2008

Wilwood has expanded their line of [Scion FSL Big Brake Kits](#) from the Xa and Xb to now include coverage for the popular tC model. FSL Big Brake Kits combine the competition proven performance of the billet Forged Superlite calipers with the increased stopping leverage and high cooling capacity of hat mounted 13" SRP or GT series directional 48 vane discs. BP-10 compound "Smart Pads" generate high friction and fade resistance for repeated high temperature stops without noise or dust. The kits feature full bolt-on installation using premium grade hardware with complete compatibility to the ABS system and OE master cylinder output. Optional steel braided flex lines can be ordered separately to complete the installation.
